COMPLETE WITH ROOF COVERING

AEROPLANE HANGARS A SPECIALITY

In the previous advertisement we showed the Lewis featherweight bow-string roof construction. Here is another form of light-weight roof employing three-pin arches of special Lewis design and construction.

The units are all extremely light and rapidly erected. In the example shown, 60 ft. span, the heaviest piece to be lifted weighs only 18 cwt.—the erection gear employed for the factory illustrated, which is our own factory at Hayes, consisted only of light scaffolding poles with a return block.

Some of the purlin box-girder units can be seen spanning the two nearest arches and also the next pair of arches. These are of light Lewis sheet construction with light internal lattice. All that is necessary to finish off the roof between the top lights is the filling of the dovetail grooves with cement compo plaster after which bitumen felt is laid.

At the side are shown parts of the factory wall which is composed of Lewis sheets slipped into uprights, giving a cavity wall construction which is then rendered on the outside.

R.A.F. FLYING RISKS

Air Ministry Advise Private Insurance

Air Ministry Orders state, in regard to R.A.F. flying risks, that the compensation payable from public funds in the event of injury or death, and provided for in regulations, cannot take into account exceptional personal liabilities which may exist in individual cases.

"Officers and airmen are therefore advised to consider whether their individual circumstances render it desirable that they should effect private insurance to supplement the compensation which might become payable from official sources, or to cover contingencies in which no official compensation is payable," it is stated.

"Officers and airmen who contemplate participating in their private capacities in civil air displays or meetings are specially advised to consider the question of insurance, since disability or death arising from such participation will in no circumstances be regarded as attributable to conditions of service, and the Air Ministry can accept no liability in respect of them."

Military Operations

TOGOLAND

AND THE

CAMEROONS

By

Brig.-General F. J. MOBERLY, C.B., C.S.I., D.S.O., p.s.c.

THIS volume tells a story of warfare in swamp and forest that has few parallels in history. An interesting description of the country, amply illustrated, introduces the reader to a region little known before 1914. The mountainous part of the Cameroons possesses features of great beauty, and a moderate climate, but the coastal area is one of the most pestilential known. The clear-cut conquest of Togoland is followed by the more complicated operations in the larger colony. The narrative describes how our West African soldiers from Sierra Leone, Nigeria, the Gold Coast, and the Gambia nobly sustained the highest traditions of our armed forces. Step by step the volume traces the course of events: the German preparations at Duala and the surrender of that important place: the capture of Jabassi, Edea, Victoria, and Buea; the operations up the northern railway; the German attack upon the French at Edea; the operations in the north; the first unsuccessful advance and the final drive of converging columns upon Yaunde. With the fall of this place and the retreat of the enemy into Spanish Muni some six weeks later, the campaign came to a triumphant end.

. . . The . . . **Royal Air Force Benevolent Fund**

(For the help of all ranks in memory of those who died serving.)

Telephone :—Victoria 6659.

Chairman of Council : : The VISCOUNT WAKEFIELD OF HYTHE, G.C.V.O.
Secretary : Group Captain G. I. CARMICHAEL, D.S.O., A.F.C. (R.A.F. retired).

THE ROYAL AIR FORCE BENEVOLENT FUND was established in October, 1919, to commemorate the work of the Flying Services during the War, 1914–1918.

A Memorial to the Officers and Men who fell in the War was unveiled on the Thames Embankment in 1923 ; a home and school for the sons of deceased Airmen was established at Vanbrugh Castle, Blackheath, in 1921, and accommodates 42 boys ; up to the end of 1937 a total of £224,000 has been expended in relief of distress.

The Fund exists to relieve distress among all ranks of the flying Services past and present and their dependants ; in addition assistance is now permitted to personnel of the Auxiliary Air Force and R.A.F. Reserve, where distress can be attributed to Service. It must be prepared to help :—

The disabled, and the dependants of those killed flying.

Other casualties and their dependants.

Sufferers on account of sickness and general distress.

Although there has been a diminution in the number of cases of minor distress, expenditure upon relief continues to rise ; it has been doubled in the last 10 years, and in 1937 reached £20,298.

There is no visible prospect of a reduction in expenditure on Wartime personnel, while the expansion of the Royal Air Force will probably involve a rise of at least £5,000 per annum on Post War Regular personnel and further sums on account of the Auxiliary Air Force and R.A.F. Reserve.

Combined with the prospect of greater expenditure, is the possibility of a sudden reduction in income owing to a partial or complete cessation of Service Displays in a time of national emergency, rendering the Fund unable to fulfil from income its ordinary commitments to the extent of £6,000 per annum.

The Council appeal for unremitting support so that adequate help may be given in the present and the Fund strengthened for the future.

How to send Help.

The Association has been established since 1921 to help people of moderate means to provide for the cost of surgical operations and dangerous illness.

It helps you to help yourself. It enables you to help others.
It allows others to help you.

You desire the best treatment in serious illness for yourself

The best treatment is, however, costly and, if the expense is
to be met out of your own resources, the effects may be
crippling.

All subscriptions are pooled for the benefit of the Subscribers
and the benefits are fully guaranteed.

No Agents are employed and no commissions are paid.

The B.P.A. is not a profit making concern and any surplus
realised must be used for the benefit of the Subscribers.

KITCHENER MEDICAL SERVICES SCHOLARSHIPS

Medical services scholarships are awarded from time to time (a) to the sons of officers and men, or of ex-officers and men, of the Regular Forces or (b) to the sons of officers and men, or of ex-officers and men, of the Reserve and Auxiliary Forces who served in the Great War, for the purpose of assisting them to take a course of study to qualify themselves to practise medicine and surgery with a view to obtaining regular commissions in the Medical Services of the Navy, Army or Air Force.

The scholarships are strictly limited in number and the value of each scholarship (normally within a maximum of £200 a year for six years) is dependent on the financial resources of the candidate's family. The scholarships are granted on the condition that the scholar, on becoming qualified to practise medicine and surgery, will apply at once for a commission in the Medical Branch of the Royal Navy, the Royal Army Medical Corps or the Medical Branch of the Royal Air Force and that, if granted such a commission, he will render not less than five years' actual service on full pay.

Candidates must normally be over 17 and under 20 years of age on the first day of January preceding their applications.

Further details may be obtained on application to:—

Lord Kitchener National Memorial Fund,
